Senate Bill 140

By: Senators Summers of the 13th, Watson of the 1st, Kirkpatrick of the 32nd, Kennedy of the 18th, Anderson of the 24th and others

**AS PASSED**

A BILL TO BE ENTITLED  
AN ACT

1 To amend Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated,  
2 relating to regulation of hospitals and related institutions, so as to prohibit certain surgical  
3 procedures for the treatment of gender dysphoria in minors from being performed in  
4 hospitals and other licensed healthcare facilities; to provide for exceptions; to provide for  
5 violations; to amend Article 1 of Chapter 34 of Title 43 of the Official Code of Georgia  
6 Annotated, relating to the Georgia Composite Medical Board, so as to prohibit certain  
7 surgical procedures for the treatment of gender dysphoria in minors; to provide for  
8 exceptions; to provide for violations; to provide for legislative findings; to provide for related  
9 matters; to repeal conflicting laws; and for other purposes.

10 BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

11 **SECTION 1.**

12 The General Assembly finds that:

13 (1) There has been a massive unexplained rise in diagnoses of gender dysphoria among  
14 children over the past ten years, with most of those experiencing this phenomenon being  
15 girls;

- 16 (2) Gender dysphoria is often comorbid with other mental health and developmental  
17 conditions, including autism spectrum disorder;
- 18 (3) A significant portion of children with gender dysphoria do not persist in their gender  
19 dysphoric conditions past early adulthood;
- 20 (4) Certain medical treatments for gender dysphoria, including hormone replacement  
21 therapies and surgeries, have permanent and irreversible effects on children;
- 22 (5) No large-scale studies have tracked people who received gender-related medical care  
23 as children to determine how many remained satisfied with their treatment as they aged  
24 and how many eventually regretted transitioning; on the contrary, the General Assembly  
25 is aware of statistics showing a rising number of such individuals who, as adults, have  
26 regretted undergoing such treatment and the permanent physical harm it caused;
- 27 (6) Under the principle of "do no harm," taking a wait-and-see approach to minors with  
28 gender dysphoria, providing counseling, and allowing the child time to mature and  
29 develop his or her own identity is preferable to causing the child permanent physical  
30 damage; and
- 31 (7) The General Assembly has an obligation to protect children, whose brains and  
32 executive functioning are still developing, from undergoing unnecessary and irreversible  
33 medical treatment.

34

**SECTION 2.**

35 Article 1 of Chapter 7 of Title 31 of the Official Code of Georgia Annotated, relating to  
36 regulation of hospitals and related institutions, is amended by adding a new Code section to  
37 read as follows:

38 "31-7-3.5.

 59 the purpose of altering primary or secondary sexual characteristics; and

60 (2) Hormone replacement therapies.

61 (b) The board shall adopt rules and regulations regarding the prohibitions contained in  
 62 subsection (a) of this Code section, which shall contain limited exceptions for:

 64 sex reassignment where such treatments are deemed medically necessary;

65 (2) Treatments for individuals born with a medically verifiable disorder of sex
